Date	30 September 2022
Team ID	PNT2022TMID20267
Project Name	Gas leakage monitoring and alarming system
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

A brainstorming session by the team produced these solutions and greater clarity was induced.
